

**The National Preventive Mechanism visiting four foster families within the Foster Parent Network of the Regional Child Protection Directorate and Primary School of the Vas County Child Protection Center**

On October 25, 2018, the National Preventive Mechanism paid unannounced visits to four foster families. The objective of the visits was to examine the conditions of placement and the treatment of the children.

The members of the delegation made assessment visits to the premises of the homes, observed the children's daily activities, conducted interviews with them and their foster parents, inspected the documents available on site, and requested data and documents from the head of the foster parent network.

Members of the delegation included:

- Rita Rostás, senior psychologist, head of the Visiting Delegation
- Krisztina Izsó, senior legal advisor
- István Sárközy, senior legal advisor
- Klaudia Tóthné Kiss, senior psychologist

The National Prevention Mechanism shall prepare a report on these visits.
